

Observation over time Planning Board

What do we want to find out?

A large, empty square box with a black border, intended for writing or drawing a plan.

We will observe
(measure)

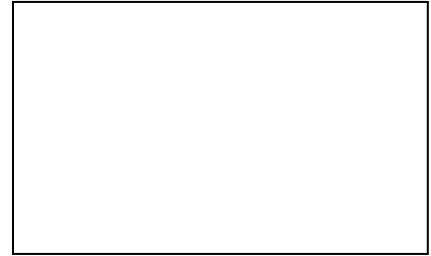

A horizontal rectangular box with a black border, intended for writing or drawing details about the observation.

Frequency of our observation
How often we will observe
(measure)

A horizontal rectangular box with a black border, intended for writing or drawing details about the frequency of observation.

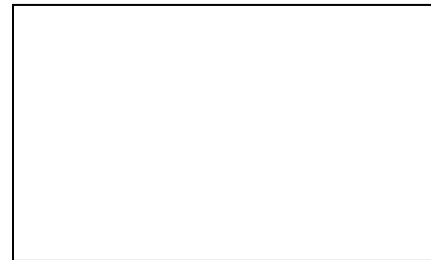

Our Prediction

I think that

A large, empty rectangular box with a thin black border, intended for a student to write their prediction.

I think this because

(describe and explain using
scientific vocabulary)

A large, empty rectangular box with a thin black border, intended for a student to write their explanation.

Key Vocabulary

A small, empty rectangular box with a thin black border, intended for a student to write a key vocabulary word.A small, empty rectangular box with a thin black border, intended for a student to write a key vocabulary word.A small, empty rectangular box with a thin black border, intended for a student to write a key vocabulary word.A small, empty rectangular box with a thin black border, intended for a student to write a key vocabulary word.
