

CRONFA

YOUR SCHOOL IMPROVEMENT TOOL

Cronfa is the Central South Consortium's online school improvement tool for all headteachers, teachers, school staff and education professionals in the region

Professional Learning

Browse, search and book a wide variety of professional learning programmes – the majority of the programmes are provided by hub schools and are free of charge. Contact 01443 827523 or businessdesk@cscjes.org.uk or for queries.

Knowledge Bank

Browse and download a variety of education related resources focused upon key strategic areas including the new curriculum, leadership, learning and teaching, closing the gap and much more.

Communities

- **Focused Communities:** Networks focused upon a key strategic area such a closing the gap, leadership or numeracy – members are able to start discussions, share files, post announcements and receive notifications about activity in the community.
- **School Improvement Communities:** Every school in the region has a dedicated school improvement community, membership includes the school's headteacher, local authority, school's challenge adviser, the consortium's data team and any other members of staff requested by the school – this is where the school uploads its SIP, SER and targets – it also holds all other school information from funding letters to data packs.
- **Headteacher Performance Management Communities:** Every headteacher in the region has a community dedicated to headteacher performance management – the headteacher and their challenge adviser are the only members – this is where all the headteacher's performance management documentation is uploaded and held.

Browsing Programmes and Downloading Resources

All professional learning opportunities and resources in the knowledge bank can be browsed without a login.
